

## INSTALANDO A BASE DE DADOS QUOTEBR NO WHEALTH LAB

Selecione New Dataset ...

Selecione MetaStock Format Data e clique em [Next]

O multiplicador do volume deve ser alterado para 1 e selecionar a Data Option Open Interest

Create a new DataSet ✕

Data Options

- Data is located in subdirectories A to Z
- DataSet includes Open Interest for futures
- MetaStock Provider is Genesis (symbols use null padding)
- Do not alter intraday timestamps. (Intraday timestamps should be end-of-bar time.)

Enter Volume multiplier:

Volume for this MetaStock DataSet will be multiplied by 1

Create a new DataSet ✕

Select Folder that contains MetaStock files

The following MetaStock symbols were found in the selected folder
